Past Sponsors and Supporting Organizations

Thank you for inviting the University of Phoenix to be a sponsor for your Sales Catalyst Workshop. I enjoyed being a participant and sponsor for such an informative event. It was a great turnout and I had the opportunity to network with many individuals. It was very pleasant to see everyone grow from being strangers as they first entered the room to becoming so interactive with each other. I believe your Sales Catalyst Workshop opened many eyes and added many ideas to all those who attended and will carry them on into their world of business, I know it did with me. I look forward to working with you in the near future by attending and sponsoring any additional Sales Catalyst Workshops you plan on holding.

What Business Executives Are Saying...

The interaction during the session exercises, the session on “Connecting” and “The Closing Process” were of great benefit. I enjoyed the panel of experts in their distinctive fields! This will benefit all of our sales executives.

Louie Didonna, Project Manager
FPL Energy Services

“I loved the Sales Catalyst Workshop! What I found to be most helpful was the question and answer time with the panel of business experts. Their insights were replete with real-world strategies and immediate take-away value. I would highly recommend the Sales Catalyst Workshop to anyone looking for cutting edge business solutions.”

Jack Lannom, CEO
Lannom Worldwide

This experience has given me a new perspective on "How to" explore my clients need by invitation vs. interruption. I highly recommend this workshop to any sales executive that wants to improve their business approach with integrity and understanding their clients need by placing themselves in their seat.

Miguel Knuckey, CEO
Blueprint for Life Ministries

The Sales Catalyst Workshop benefited me by providing a clearer understanding of how important it is to develop a sales process that is documented and repeatable. It helped me focus on performing a thorough evaluation of my customer. Another benefit was learning the importance of preparing ahead of time with creative ways to overcome objections.

Antonio Garay, Owner
Netcore

I learned how to pursue the dream and vision of the customer with clarity and attention to details. The workshop helped me learn the importance of working as a team to develop character and build strong relationships. I really enjoyed the experience of meeting new people. The workshop format created a sense of “team atmosphere” to bring everyone together.

Hugo Carballosa, Church Liason
His House Children’s Home

After participating in the Sales Catalyst Workshop, the three greatest benefits for me personally was the feedback received from the expert panel members, learning how to manage negative responses during a close and starting high on price to end up with better results.
